

**WEAPON SELECTOR MUST  
BE ENABLED FOR THIS  
CONFIGURATION TO  
WORK**

**FUNCTIONS USED LESS  
OFTEN LIKE GEAR OR  
TOGGLING ENGINE ARE  
STILL MEANT TO BE USED  
ON A KEYBOARD**

**CONTROLS WILL WORK  
FINE UP TO EARLY JETS  
BUT MORE ADVANCED  
FUNCTIONS LIKE RADAR  
REQUIRE ADDITIONAL  
INPUTS THAT I'M NOT YET  
FAMILIAR WITH**

THIS SETUP USES LB AS A  
MODIFIER

ALL CONTROLS IN THIS  
IMAGE REQUIRE LB TO BE  
HELD
